MR. ASHMEAD-BARTLETT

AT ROTHWELL.

A VIGOROUS AND CONVINCING

ADDRESS.

SOCIALISTS' INTELLIGENT

AND UN-ENGLISH ACTION.

Mr. Ellis Ashmead-Bartlett, the Conservative

candidate for the Northampton Division, is

making a plucky fight in the interests of

the tariff reform and reasonable and just measures

of government, and by his arduous and good

temper—in face of opposition and interruption

and public meetings by the weather—has for

years ago championed the cause of free speech

and free thinking, but in recent years has

developed into a vigorous and brilliant debater

—his fast winning his way to popularity, and

the support of the thoughtful and reasonable

electors. On Tuesday night he addressed a

crowded audience at the Methodist Man-

sion, and had a very cordial reception.

Mr. J. E. Charlesworth presided and asked

for the candidates at the election. Mr. Ashmead-
Bartlett had come to drive home from

his work much later than the practical policy of

tariff reform as the Conservatives have been

trading with foreign countries now in vogue.

Some said the workmen of the country would

be the worst of his kind of living. He began

to continue his free trading with this country.

But had as employment in England is at the

present time it would become worse under

free trade, with the rate of wages that we

have to leave England; or starve (a voice):

That is what they are doing today. He

began to continue his free trading with this

country. He began to continue his free trading

with this country. He began to continue his

free trading with this country. He began to

continue his free trading with this country.

He began to continue his free trading with

this country. He began to continue his free

trading with this country. He began to con-

tinue his free trading with this country. He

began to continue his free trading with this

country. He began to continue his free trading

with this country. He began to continue his

free trading with this country. He began to

continue his free trading with this country.

He began to continue his free trading with

this country. He began to continue his free

trading with this country. He began to con-

tinue his free trading with this country. He

began to continue his free trading with this

country. He began to continue his free trading

with this country. He began to continue his

free trading with this country. He began to

continue his free trading with this country.

He began to continue his free trading with

this country. He began to continue his free

trading with this country. He began to con-

tinue his free trading with this country. He

began to continue his free trading with this

country. He began to continue his free trading

with this country. He began to continue his

free trading with this country. He began to

continue his free trading with this country.

He began to continue his free trading with

this country. He began to continue his free

trading with this country. He began to con-

tinue his free trading with this country. He

began to continue his free trading with this

on drawing their free thousands. (A Voice:

That is what Balfour wants. No, Balfour

was well off. He had read the Budget care-

fully but could not find a single line in it

dealing with the important problem of unem-

ployment. It did not solve the problem. If

the Conservatives were sent back to power

they would pass the Bill, for they were

willing to do it. It should be a law of the

when the sun begins to set in the west but no

one would wish to forget their association

with such an undertaking. Sometimes he

heard people say they wished there were no

beasts, but as long as the promoters did not

understand the matter he had no objection

to them: this medium of raising money was

has been resorted to by not only faithful

organization but by the very highest associa-

tion of workers in the last. It was not

to bring people together who were not

engaged in other church work and but for

the growing importance of the medical

cause it would be to be feared from reading

the paper that the workers might realize

as possible so that the workers might realize

that they had set out to attain (Applause)

Mr. Butterick then proposed a vote of

thanks to Mr. Thomas and Mr. Green for

their services and for their material assistance

of their undertaking.

Mr. J. Abidiah having seconded, the

motion was carried with applause.

ROTHWELL DISTRICT

COUNCIL.

A monthly meeting of the above Council

was held on Monday evening last, at the offices

Rothwell, there being in attendance Cn B. B.

Chadwick (chairman), presiding, Walter Wade

(vice-chairman), Stephen Dobson, El Dobson,

John Dobson, W. Abbshaw, James Armitage,

G. W. Blakey, Wm. Lunn, James Horner, J.

Vollans, George Armitage, J. W. H.

Hemingway, J. H. Cordell, John Hirst,

with the clerk (Mr. W. Dodgson), medical

officer (Dr. Stevenson), surveyor (Mr. South-

well and sanitary inspector (Mr. Moorhouse).

The minutes of the last ordinary and special

meetings were read and confirmed.

Mr. Lunn wished to know how it came

about that the case in the district had been

removed when no State Committee had been

called. One was required at the top of

Woodford Lane in place of the one which

had been removed, and also another in

Abraham's Hill.

Mr. J. Armitage said he had received a

letter from a resident of Oulton, who was

objecting to a seat being placed against the

fence, and asking for its removal, as it had

been the cause of a great deal of damage.

It was decided to refer both questions to

the State Committee.

HIGHWAYS.

At a meeting of the Highway Committee

held April 26th, there were present,

Messrs W. Abbshaw (chairman), John

Chadwick, John Lunn, Hemingway, and

George Armitage.

Resolved, that the repair on the Leeds &

Wakefield Road be taken out of the

ordinary account and carried on an im-

provement account and application made

for payment as an improvement.

That the footpath opposite John O-

Ganins be visited by the Committee.

That the Private Street Works plan for

Stourton be submitted to the Committee

showing the work carried through Pros-

pect Street to the end but in Perseverance

Street carried only as far as there are

houses on both sides the street.

A plan was submitted of proposed

improvement in Churchfield.

Resolved, that the Committee meet at

the Church Gates at 6 p.m. on Monday.

The Annual Inspection was fixed for

Saturday the 7th of May at 1 p.m.

Resolved, that the Surveyor's salary be

increased from £143 to £136 per annum

with House, and Collyer and that he re-

ceive £156 for the financial year ending

March 31st, 1911, and that the question

of roads to be met by motor traffic be

referred to the District Council Association

representatives.

A letter was read from Miss Bulmer's

agents as to repair of Wetherby and the

and the Clerk was instructed to write Mr.

Farrer again pressing for the matter to be

put to hand.

Mr. Abbshaw proposed, and Mr. Heming-

way seconded the confirmation of the

minutes.

Mr. Hirst wished to know if the plan for

proposed improvement at Churchfield had

been submitted to the whole Council and if

not could they have it laid on an im-

provement account. The Chairman said the

plan was submitted to the Council and that

the plan was submitted to the Council and

The Inspector presented his monthly

report which was as follows:

During the past month 771 loads of

nightsoil have been removed from March

17th to April 25th, 1910. Eighty-nine

loads of nightsoil have been removed to

the Rothwell Council School, Rothwell

National School, Wood Lane School,

and to the Rothwell Council School. The

Schools have been disinfected through-

out. The latter school has been disin-

fected on the 1st inst.

The slaughter houses have been

inspected and with the exception of a

few minor matters, were being conducted

in a satisfactory manner.

Five samples of milk have been

taken, all of which the Public Analyst

certified to be "Genuine" milk.

Seventeen Canal Boats have been

inspected, all of which were satisfactory.

That the footpath opposite John O-

Ganins be visited by the Committee.

That the Private Street Works plan for

Stourton be submitted to the Committee

showing the work carried through Pros-

pect Street to the end but in Perseverance

ROTHWELL DISTRICT

COUNCIL.

A monthly meeting of the above Council

was held on Monday evening last, at the Council

Room, Rothwell, there being in attendance C. S. B.

Chadwick (chairman), presiding, Walter Wade

(vice-chairman), Messrs. Dobson, John Dobson,

William Abrahams, and Hemmingsworth, George

W. Blakey, Wm. Lane, James Horner, J. W. H.

Vollans, George Armstrong, J. W. H.

Hemmingsworth, J. H. Gordon, John Hirst,

with the clerk (Mr. W. Dodgson), and the

officer (Dr. Stevenson), surveyor (Mr. South-

well, and sanitary inspector (Mr. Moorhouse).

At a meeting of the Highway Committee

held June 29th, there were present,

Messrs. W. Abrahams (chairman), John Dobson,

Wm. Abrahams, and Hemmingsworth.

Resolved, that the officers be asked to

clean out the Rothwell Beck from the Mill

Dam forward where it is found to be

required by the Chairman and Surveyor.

That the plans for private street works

at Ingram Parade be further considered when

Mr. Chapman sends in satisfactory

plans for his works.

That the Surveyor get out plans showing

improvement and for a thorough road to

the corner of Low Lane and Mr. Newsome

be asked to state his price for the

land required for either improvement, or

Mr. George Armstrong be asked to

make a price for his field, and that the

Surveyor see the other parties on their

Mr. Abrahams said because of the small

quantity they used they thought they would

have the best which would probably last

longest.

Mr. Lunn said it was very seldom he was

away from a meeting, but he missed the last

Highways Committee meeting, and he would

like to know if the Committee had considered

the Butcher Lane improvement.

Mr. Hirst: Hear, hear.

Mr. Lunn, continuing, said the widening

of Butcher Lane was the most-needed im-

provement in the district. Many people had

said to him Butcher Lane needed widening,

and he thought the present time was an

opportunity one to consider the matter. The

Highways Committee ought to give some

consideration to this important question.

It was agreed that the full Council con-

sider the matter at its Committee.

Mr. Hirst said they might also consider

the widening of Bailey Lane, they would

soon require a cemetery as the Churchyard

was getting filled.

Mr. Abrahams: Have you a field in view,

Mr. Hirst?

Another Member: What about Stye Bank.

The minutes were approved.

At a meeting of the Finance Committee

held June 21st, there were present,

Messrs. John Dobson (chairman), Chad-

wick, Abrahams, and Hemmingsworth.

Resolved, that the water for Blacksmith

shop charged against Mr. Walter Lambart

be allowed for the past year and that

Mr. T. Lambart be charged for it this

year.

Correspondence was read with the

Education Committee of the County

and the Finance Committee of the County

and an account from them for the year 1909-10.

The Committee consented to abide by

the result of appeal by the Midland

Railway Co.

The minutes were passed on the motion

of Messrs J. Dobson and Hemmingsworth.

At a meeting of the Sanitary Committee

held June 20th, there were present,

Messrs. Chadwick (chairman), Gordon,

El Dorado, Sp. Dobson, and Wade.

A letter was read from the Clerk of

the Small Fox Hospital Committee suggest-

ing the staffing of the Hospital for and the

constant of consumptive cases at the

Hospital.

Resolved, that before pledging them-

selves to be bound by such scheme they

should be satisfied as to the giving

of estimates of the administrative costs of

patients' expenses and showing how the

sums of £1,000 and 25s per head are

applied.

That the Inspector of nuisances is

hereby authorised when satisfied of the

(investment) (laughter).

Mr. U. Arncliffe: There is the rate to

pay. It will not leave more than 25s per

year each.

Mr. Abrahams suggested the striking out

of the resolution and the building of a proper

house.

Mr. Hirst asked if the Oldine Works had

been connected with the main sewer.

The Chairman: No, they have not.

Mr. Hirst: I am not sure of that.

The Chairman said they had not got the

liquid into a proper state to be turned into

the main sewer. The Rivers Board had taken

the matter into consideration.

Mr. J. Dobson said something ought to be

done as quickly as possible; it was a disgrace

to the district.

It was agreed that the full Council con-

sider that a resolution was passed some

months ago, to compel them to treat their

sewage. The back had been in an awful

condition during the past week and some-

thing ought to be done.

The Chairman said the Rivers Board would

see that they were a vigilant body.

Mr. J. Dobson: The effort was like

poison and not fit for the cattle to drink.

How could they expect a good milk supply

from the cattle if the milk was so polluted?

They were spending money on inspection and

then the trouble of sending "clean milk"

circulated, but still they were allowing the

water to be so polluted.

The minutes were adopted.

THE HEALTH REPORT.

The Medical Officer reported that from

May 23rd to June 30th, there had been 20

births (14 males and 6 females) and 18

deaths (11 males, and 7 females). In the

Workhouse there had been 2 births (males)

and 4 deaths (2 males and 2 females). The

cause of death were: 1 typhoid (Lofthouse

and Thorpe) 1 whooping cough (Carl-

son) 1 phthisis (Lofthouse and Thorpe), 3

respiratory (Lofthouse and Thorpe), 3

tuberculosis (1 Stourton, 1 Lofthouse and

MISCELLANEOUS.

The minutes were approved.

The Town Clerk read, submitting an

agreement for the Dandy Row water supply,

which the Clerk of the Council was asked

Mr. Abrahams: Mr. Hemmingsworth, you

have lost your text now.

A letter was read from the Stourton Rate-

payers' Association, forwarding the following

resolution:—That the Stourton Ratepayers

Association protest against adopting the

provisions of the Working Classes Act, as they

consider the time was not opportune at

At a meeting of the above Committee it

was agreed that the consideration of the

question of provision of open air shelters be

adjourned to a future meeting.

A letter was received from the Local Gov-

ernment Board with reference to the secret

execution of documents of a financial nature

of the workhouse, and stating they have

no suggestions to offer in the matter.

A letter was received from Mr. F. W. M.

Smith, offering to give a service of song at

the workhouse. Resolved that the offer be

declined with thanks.

It was proposed by Mr. Park that it be

left with the matter to select carpet for his

dining room at a price not exceeding 50 per

yard. Seconded by Father Dillon and carried

unanimously.

The minutes were proposed for confirmation

Mr. Butler took that it related to the

purchase of a carpet for the Workhouse

Master's dining room the maximum should

have been £100, and the expenditure was

£100. The minutes were approved and Mr.

Richardson appointed to carry out the work

on the usual terms.

At a meeting of the Property and Buildings

Committee a scheme was approved for the

alteration of the office, so as to utilize the

ROTHWELL EDUCATION COMMITTEE.

A meeting of the Rothwell District Educa-

tion Sub-Committee was held on Friday

night at the Robin Hood School, and the

members present were Messrs. John Butterick

(chairman), presiding, S. R. Chadwick, J.

Robson, T. Thomas, James B. Horner, W. Long,

J. W. Rydard, J. W. Vickers, Joseph Horner,

W. Hargreaves, C. C. J. Hirst, with the clerk

(Mr. G. W. Stew).

The first business was the appointment of

Chairman and vice-chairman.

Mr. Chadwick moved the re-election of Mr.

Butterick as chairman.

Mr. Thomas, in seconding said Mr. Butter-

ick was one of the best educationists they had.

The motion was carried.

Mr. Butterick in reply said he had been

a more difficult task than even the chairman

of the Council, because they had no standing

order, and he believed in every man having

his say on any public body but there

should be a limit to the time of discussion

During the past year he had spent a great deal

of time on matters that could have been

disposed of more quickly.

Mr. Chadwick moved that Mr. Long be re-

spondent.

Mr. Hargreaves seconded and it was agreed

to.

Mr. Horner moved that during the next

three years the meetings be held at Robin

Hood.

Mr. Long: The most difficult place to get

to.

Mr. Deben moved that half the meetings

be held at Rothwell and the others at Robin

Hood.

Mr. Hargreaves: I will second it if you

don't ask us to go to it. (Laughter)

The motion was carried.

The following appointments were made:

Attendance Committee—Messrs. Rydard,

Doyle, Long, Vickers, Joe Horner, H. H. H. H.

Conyers (vice-chairman), Mrs. Killinbeck,

Messrs. Park, Baratt, Fountain, Garvin, Green,

Cartwright, Stood, Rotherham, Bennett, Har-

low, Appleyard, Armitage, and Rev. W. M.

assistant clerk (Mr. Wright).

At a meeting of the above Committee it

was agreed that the consideration of the

question of provision of open air shelters be

adjourned to a future meeting.

A letter was received from the Local Gov-

ernment Board with reference to the secret

execution of documents of a financial nature

of the workhouse, and stating they have

no suggestions to offer in the matter.

A letter was received from Mr. F. W. M.

ROTHWELL PRIMITIVE METHODIST CIRCUIT.

A special effort in order to raise funds for

the above circuit took place at Oulton Hall

kindly lent by Major Calverley, on Saturday

last, in the form of a strawberry tea. The

weather was beautifully fine, and at halfpast

two when the gates were opened, there was

a good number ready to enter the park. Close

upon people gathered in the extensive

grounds, there being from the following

places—Rothwell 400, Carlton over 100,

Methley over 100, Methley Junction over 100,

and Bowers Allerton over 50. 774 sat down

to the tea, the strawberry cake, cream being

very much enjoyed. The members of the

various societies had charge of the tea. In

the evening songs were held, the following

being the successful ones:—Flat race (boys).

CRICKET NOTES. By SEYMOUR.

Saturday last was an ideal day, and the

local cricketers were able to take part in the

matches under suitable conditions. Rothwell

first eleven had a friendly with Swithson Pit

on Saturday last. The visitors batted first

and completed 76. Swithson Pit 20 and for

20, both Rothwell first eleven players, were

the highest scorers, whilst O. Longley made

11. J. B. Roberts, who batted last, took 7

wickets for 34—a very good performance. Both-

well obtained the runs with 4 wickets to spare,

O. E. D. scored 15 and Morgan 13.

The Rothwell second eleven were away at

Croagston, playing their first eleven. The

visitors used the willow first and only one

37—Idle contributing 10 towards the total.

Croagston did not do so well, and in obtaining

all was done by four wickets. Laidley scored

14 not out. James and J. W. Long took 2

wickets each at a cost of 14 runs each, whilst

Leeson captured 1 for 8. The second eleven

played well with the bow and deserve com-

plimenting on this performance.

PRESENTATION TO MR. & MRS. JOHN KEIGHTLEY.

SIXTY THREE YEARS WITH MESSRS

J. & J. CHARLESWORTH.

A REMARKABLE RECORD.

MR. CHADWICK'S EULOGY OF MR. KEIGHTLEY.

One of the most interesting functions held

in this district for many years took place on

Saturday last in the Rothwell Mechanics' Hall,

where a presentation was made to Mr. & Mrs. John Keightley of Carlton.

Mr. Keightley retired from the Robin Hood

Colliery, about twenty years ago, and is now in

health, after serving Messrs J. & J. Charlesworth for a period of 63 years. A Com-

mittee including workmen and officials of the

Robin Hood Colliery was formed and in order to

recognise such a splendid record it was

decided to make Mr. & Mrs. Keightley a pre-

sentation. Besides this lengthy service it may

be of interest to our readers to state that Mr. Keightley holds another magnificent record,

namely that he has been connected with the

Carlton Wesleyan Society ever since he was a

boy. He has held various offices in the

Sunday School and Society and at the

present time is a trustee and class leader.

His work in the village for the welfare of his

fellows may have been with an exception well

known and his kindness and goodness will

long be remembered. He is without doubt the

most highly respected man in Carlton and

everyone who has had any connection with him

will know him to be a thorough gentleman. There

has been no more popular man at the Robin

Hood Colliery than Mr. Keightley, and during

his long career he has been esteemed and

admired by the workmen who had the pleasure

of working under him.

Mr. & Mrs. Keightley have had eleven

children, of whom six daughters and two sons

are living. All are married except the eldest

son, and there are 22 grandchildren. Except for

a little deafness in his old age, Mr. Keightley

is troubled, both by spirit good health and

is very active.

An excellent tale provided by Mrs. Blackburn

on the presentation and in the evening

there was a capital attendance. Mr. James

Thackrah presiding. The presentation con-

sisted of a gold watch and a purse of gold

brooch, gold watch and necklet for Mrs. Keightley.

The presents were supplied by

Messrs John Dixon & Sons, Leeds. The

presentation on the watch was as follows:

ambitions. In Germany the men who worked

in the mines went to school afterwards to

get all the information possible. If England

intended to keep up her upper hand, in the

trade they had to keep up to many years, they

would have to master technicalities and be

prepared to do all they could to keep up with

the times. Not one of the German miners

had sent a cargo of coal to London. Mr.

Chadwick also dealt at some length with

various substances which were seeking to

displace coal and he said that they were

contended with whilst petroleum, oil and tar

would be heard of more in the future. Coal

was one of the most useful as it was used

for so many different purposes. At present

trade was in a bad state, but they could not help

it. In a very short time he thought it would

improve. Ever since he knew anything about

coal he had been and it always would be

the speaker also dealt with the important

topic of recreation. The terrible catastro-

phy which had happened at Whit-church

had caused a great deal of comment on recent

work. In his opinion they were not of much

use. For instance when the men had been

at the pit they had been in the pits and

besides these there were other things to contend

with which the public knew little about. It

was at night when they ought to have

been at home and they did not understand

the mines like those who worked in them.

He would be very pleased if something could

be done to reduce the number of accidents.

Fifty years ago there were 113 accidents per

thousand, whilst to-day there were 113 per

thousand a very good improvement, but he

would be glad if few accidents occurred. He

had been employed by the first district and the

four had told him to protect life first and then

work, and he had always endeavoured to

do so. It didn't matter how much cost life

was they were foremost to be considered

and he would never hesitate to do anything to

matter what the cost would be, to protect life.

(Applause.) It was of very serious question

and he often thought that it was not his

responsibility Colliery managers and

officials were subject to. Colliery officials

had a great responsibility than any class of

people in any industrial concern in the country.

He was pleased Mr. Keightley had never

happened any serious accident in his long

career. The workmen were very happy and

required but he thought it was not so.

What they needed were more careful workmen.

During his Mr. Chadwick's work at Robin

Hood he had been in the pits and he had

had language and he was glad to say he had

never been injured. He would never forget

the kindness and courtesy which the men had

shown to him. He would never forget which

he was paying to Mr. Keightley was unique.

He had always been a manly man, upright

and straightforward and had won favour by his

kind manner and genial affability. (Applause.)

Capital and labour should work together like

man and wife (hear, hear) as it was better

than the old way of work. Mr. Keightley

had been in the pits and he had been in the

never known her tell him to stop at home from

work like some women did. (Laughter.) He

ever offered her sixpence if she would tell him

to stop at home but she wouldn't until his

last day. He was a very good man and a

retiree. He would not leave Robin Hood pit

even if he had retired. When the bazaar

was still said "it's our bazaar that's the

best" (laughter.) He had been in the pits

and work at the pit and he intended to

stop at home but he wouldn't until his

last day. He was a very good man and a

ROTHWELL EDUCATION COMMITTEE.

A meeting of the Rothwell Education Sub-Committee was held at the Stourton School on Friday evening last, there being present, Mr. John Butterfield (chairman) presiding, Messrs W. Hargreaves, O. W. Lunn, R. H. Chadwick, T. Thomas, J. W. Biddard, J. W. Vickers, and Joseph Horner, with the clerk (Mr. Angus).

The question of building a new school at Stourton was considered. It was decided to ask the County Architect to examine the premises and submit a sketch plan for re-organising the school.

The payment of the deficit on the evening classes was again considered, and the Clerk was instructed to withdraw the application for £38 10s 10d for a grant in aid from the Rothwell District Council, and ask the County Council to make a grant in aid of higher education.

It was further decided to ask the Rothwell Council to make a grant in aid of higher education equal to a half-penny rate.

Arrangements were made for the evening classes to be continued next session, and it was decided to hold them as follows:—

Rothwell.—Industrial course, cooking, and singing.

Middleton.—Industrial course, cooking and singing.

Carlton.—Industrial course and dress-making.

There.—Industrial course, a technical class, if required, cookery, and dress-making or needlework.

Robin Hood.—Similar to last.

No classes were to be held at Stourton.

Tenders were considered for the relaying of the water service to Stourton School, and that of Mr. W. Hemmingsway, of Louthouse Gate, at £5 15s was accepted.

For the painting of Robin Hood School the tender of Mr. P. Hemmingsway, of Louthouse Gate, amounting to £24 17s 6d was accepted, as also was his tender for the painting of Wood Lane School at £23 5s.

The tender of Mr. W. Richardson, of Outwood, amounting to £25 5s, for the repair of the hall terrace at Robin Hood School was accepted.

For the painting at Rothwell Council School the tender of Mr. W. Greenwood, of Handley, at £27 15s, was accepted.

For the asphalt paving required at the Rothwell Council School playground the tender of Mr. E. J. Treasure, of Gledhow, at £23 6s 8d, was accepted.

A communication was received from County Hall inquiring if there was a vacancy in any school for Miss Ethel Hadley, a capable, energetic, and efficient teacher from Ripon College, and it was decided to allocate her to the Rothwell National School if the managers were agreeable, and if not, that she be sent to Carlton.

"TO MR. COVER POINT."

On Saturday I once again
Did lay my head to rest,
I yet desired to see you,
I left my children with me,
I daily told of it to them,
My mother told me of it,
A mother's love is true,
I told her of it in the street,
I haled it, and took my seat,
On top-most decked seat,
The speed was quick, away we went,
With mine it is no rare event,
We pass Victoria Station,
And Vauxhall Bridge was seen in sight,
Old Father Thames was close and bright,
His duty he discharged,
Ship-breakers' yards were close at hand,
And exporters with loads did stand,
Repeating ancient legends,
Our journey being homeward bound,
We pass the Oval cricket ground,
In cricket annuals famous,
Our Yorkshire banner, merry men,
Oft they have seen this merry scene,
For such is who I blame us.

We thro the park with leisure youth
And soon of each our homely home,
Of course this is no fault,
We welcome a Westminster chime,
We see our faithful "Rothwell Times,"
Awaiting on the table.

What's this, we see in printing, prime,
Half column of a cricket rhyme,
To our sport so fondly,
And sublimations let me see,
In print or otherwise should be,
Most carefully reviewed.

Your story of the cricket match,
Where bowling superseded catch,
In style I deem it for the correspondence,
Your thought ran out of pen,
With humor's flashing now and then,
Not labour'd but with ease.

I fancied I was by your side,
Discussing points which you described,
In cricket lore and law,
In cutting this and hating that,
Into the country with the bat.

The ball I still returning,
One incident you did arrange,
Amusing, also rather strange,
I trust I'm not deluded,
And was it in fact, in fact,
Avoiding with a willow bat,
A lady was included?

But Mr. Cover Point I say,
Your verse, don't let me see,
Her presence thus consoiling,
And for the present I'll say,
Do raise my hat and bid adieu,
With every friendly feeling.

HUNSLET RURAL DISTRICT COUNCIL.

A monthly meeting of the above Council was held at the office, Leek Street, Hunslet, on Wednesday afternoon, there being present, Messrs T. Thomas (chairman) presiding, G. Armistead, W. Cartwright, P. S. Marden, W. Verity, with the clerk, Mr. W. B. Flax, surveyor (Mr. Nuttall), and sanitary inspector (Mr. Higgins).

The Council decided to lay a new length of sewer at Woodhouse, and to ask the County Council to make a grant in aid of higher education.

Messrs Henry Briggs & Sons are to pay the costs.

It was decided that the local representatives, Messrs Armistead and Cartwright, let the tender.

The Clerk said that the agreement between the Council and the East Yorkshire Council for the supply of water had been closed.

The Clerk said the water had been of a very good quality.

It was decided to ask them for a draft agreement for the future.

STOURTON FOOTBALL CLUB'S ANNUAL MEETING.

The Stourton United Football Club held their annual meeting in the Council School on Tuesday evening last, Mr. Wade presiding. was knocked down by a motor-car while crossing the top of Brook-street, Hkley, on Tuesday morning, the car passing over his right thigh and shoulder. He was conveyed home suffering from severe bruises, though no bones were broken.

The official traffic return for the above railway for the week ending Oct. 1st, 1910 is £408 against £432 for the corresponding

period last year, a decrease of £24. For the
14 weeks ended Oct. 1st, the return is
£5122; the amount during the corresponding
period last year was £5476 thus showing a
decrease of £354.

SEVERAL SPEAK UP FOR WINNERS.

Mr. Marconi has been the subject of a "hoax" he calls the "Telephotography," by means of which words spoken through a wireless telegraph are transmitted by means of a photographing station. Mr. Marconi is said to have admitted privately that the invention is practically unworkable and entirely impracticable. He reported that he has been able to transmit spoken words by means of an invention of his own. The receiving instrument takes the message and sends it as an optical.

ROTHWELL DISTRICT COUNCIL.

A LIVELY MEETING.

MEMBERS MAKE STRONG REMARKS.

MR. LUNN AND MR. G. ARMSTRONG QUARREL AGAIN.

A monthly meeting of the above Council was held on Monday evening last, at the offices Rothwell, there being in attendance C. S. R. Chadwick (chairman), G. Armstrong, Squire Lawson, John Dobson, William Jones, James Horner, James W. Volland, J. H. Corden, William Abbishaw, George W. Blakely, John Hirst, James Armitage, Ed Dobson, the new member Mr. T. F. P. Ward, with the clerk (Mr. W. Dodgson), medical officers (Dr. Stevenson), surveyor (Mr. Southward), and sanitary inspector (Mr. Moorhouse).

At a meeting of the Highways Committee held Oct. 12th, there were present, Messrs W. Abbishaw (chairman), John Dobson, Chadwick, Armstrong, and Volland. Resolved, that the Surveyor prepare estimates for flagging and kerbing in Oulton Lane from the gate of Chatham House to Springhead (Gate).

Resolved, that the Surveyor prepare estimates for flagging and kerbing in Prospect Street from the gate of Chatham House to Springhead (Gate).

Resolved, that the Surveyor prepare estimates for flagging and kerbing in Prospect Street from the gate of Chatham House to Springhead (Gate).

Resolved, that the Surveyor prepare estimates for flagging and kerbing in Prospect Street from the gate of Chatham House to Springhead (Gate).

taking off the maximum amount of rock on the west side of the old opposite and immediately below the chimney at the top of the cutting and then swinging over on to the eastern side. And that this scheme be forwarded to the Road Board with an application for a grant for the whole amount.

That the Clerk obtain copy of an agreement from Messrs Dibb & Co. for the next meeting.

The question of purchasing land for the improvement of Churchfield being brought before the Council.

That formal notice be served by the Surveyor on the owners adjoining the Rothwell back from below the mill dam through the town to clean out the same and that reasonable time limit be given on the notice.

Mr. Abbishaw, in proposing the minutes for confirmation, said they had done the flagging of the portion of Butcher Lane to the chapel, and now intended to do the lower portion. In regard to the Bell Hill scheme, Mr. Carpenter, the County Surveyor, suggested a portion being taken off the west side of the road.

As to the question of the purchase of land in Churchfield, they were in the same position as last month, viz. the land was in the hands of one of the owners and decided to leave the question over until that meeting.

Mr. Lunn seconded. Mr. Armstrong, after the Clerk had read the correspondence between Mr. G. Armstrong and the Council as to Churchfield improvement, wanted to know the inference drawn by Mr. Abbishaw was a fair one. Mr. Abbishaw told them at the last meeting of the Highways Committee that the position Mr. Armstrong was taking in reference to the matter was a desirable one, but he (Mr. Armstrong) maintained the position he had taken up had been a proper one. He appealed to the Clerk, who said he had adopted was perfectly in order. He accepted the Clerk's statement as to his position. As a matter of fact the Highways Committee was not in a position to buy the land, but perfectly ready to sell a reasonable price for the land in a position to buy. Six months ago he was told the only obstacle was the presence of the Highways Committee, but when he withdrew he was charged with cowardice. He did not think it fair for members to make these remarks when they knew they could not purchase the land. He did not think people who knew him would bring any such charge of cowardice against him.

Mr. Lunn said in regard to this business he had had a surprise. He did not for a moment admit that he asked Mr. G. Armstrong to retire from the Committee. He felt at that time in his own mind that the meeting was not as free as it might have been in any particular question. He was bound to admit since that time they had not got on as well as they might have expected in regard to the improvement in Churchfield. Here they had a man who was always pushing his own interests; he did not remember the charge of cowardice, but he did not think Mr. G. Armstrong was unbecomingly. Mr. Armstrong had said he was prepared to sell this bit of land at what it cost him and now he was prepared to sell at a reasonable price. He had told the Committee that he would be a stumbling block to the improvement. He (the speaker) wanted to believe it was so. The Highways Committee had had a dispute with Mr. Armstrong to see them with regard to the improvement, but since then he had been given to understand that Mr. Armstrong had given instructions to Mr. Wright, who was acting on behalf of Mr. Newsome, to see the Committee. He did not know until last Wednesday night that Mr. G. Armstrong had anything to do with this business.

That the Clerk confer with an estate agent in reference to Mill Lane sewer, and report to the committee.

That a duplicate worm screw and wheel be got for the Stourton Sewage Works.

That Mr. Moorhouse be paid £10 for the mangoset Lemonyrd accepted.

The Inspector presented his monthly report which is as follows:

During the past month 33 Nuisances have been abated. 771 loads of nightsoil have been removed from Sept. 8th to Oct. 10th, 1910. 8 Houses have been disinfected.

The slaughter houses have been inspected and all were found to be in a satisfactory condition.

The whole of the sewers in the district have been flushed.

Twelve canal boats have been inspected, all of which complied with the Canal Boats Act.

The Chairman, in proposing the minutes, said in regard to the Oline works it was worse than what he had said.

Mr. S. Dobson seconded.

Mr. John Dobson said he hoped they would push the Oline matter forward. Only the other day he was at their house from the street. It was time something was done.

The Chairman said it could be remedied; but he was not going to do it, but it was not their place to tell them.

Mr. J. Armitage: It is time you did something else besides giving them notices. More drastic steps ought to be taken so as to prevent sickness.

Mr. S. Dobson said some people laughed when they heard that the works were making people ill. It was quite true, and at the time the nuisance was brought to an end, as people were repeatedly made ill.

The Chairman said it would give us your support in this matter Mr. Dobson. They will have to alter things there is no doubt.

Mr. S. Dobson: I will support you in that I am interested in the question of the reply.

Mr. Horner said there were other stinks in the district worse than the Oline Works. The Klondyke at Robin Hood was worse. He was not going to quarrel with Mr. Armitage's statement, but he would give us your support in this matter Mr. Dobson. They will have to alter things there is no doubt.

Inspector was instructed to inform him that it was the practice of the Council to retain and file duplicate tracings, but that if an amended plan for buildings is submitted, the same should be sent with it. Duplicate provided the amendments are subsequently inserted on the Council's tracing.

ROTHWELL EDUCATION
COMMITTEE.

The usual monthly meeting of the above
was held at the Council School, Carlton Lane,
on Friday evening last. The members present
were: Mr. J. W. Blythe, Mr. B. Chadwick,
Walter Hargreaves, J. H. Lunn, John Lunn,
Joseph Horner, J. W. Volland, and H.
Volland, with the clerk (Mr. Angus) and
attendance officer (Mr. Steel).

WELCOME TO NEW MEMBERS.
The Chairman gave a hearty welcome to
Mr. H. W. Lunn, of Oulton, who had been
nominated by the County Education
Authority to fill the vacancy caused by the
resignation of Mr. James Horner. He hoped
the new member would give all necessary
time and experience for the benefit of the
sub-committee.

SECRETOR SCHOOL ENLARGEMENT.
Referring to the minutes of the special
meeting at Stourton, the Chairman said he
was very sorry he could not attend the meet-
ing, but was surprised at the decision the
Committee had come to, which was contrary
to what they had agreed upon at the previous
meeting. He was dissatisfied with the present
arrangement of the infants' department. He
thought they would have had a proper infant
school at Stourton, and asked that another
meeting be held at Stourton, to go into the
question.

Mr. Volland said the Medical Officer had
only said that week that they could not expect
illness to cease under the present conditions;
but they required a new infant school.
The Chairman said they had been informed
by Mr. Brown, of the Education Authority,
that the people at Whitehall, London, were
agreed that the new member would give all necessary
respect some "time to officials at Whitehall,"
but they wanted a new infant school, and a
new infant school they must have.

Mr. Volland said the old school board days
they tried to get
Mr. Lunn said the decision came to at the
meeting was a surprise to him. He thought
Mr. Brown, an official of the West Riding
and the County Architect from County Hall,
had met them at Stourton at their meet-
ing, and they all were disappointed towards an
infant school. Now they were told the
idea of Whitehall was to separate the infants
and boys and girls. Again, he said, they were
told that the Whitehall authority was
"favouring building smaller schools. Accom-
modation for 1,000 children had always been
too big in his opinion. They intended not
allowing more than 500 in a school. He was

opposed to the separation of boys and girls
and did not like the idea of three schools in
no good access to each other from any point
of view. He thought there should be a new
infants' school and the children taken out of
that school, rather than taking the children
submitted at their last meeting. They had
had another meeting forward and that was
of providing swimming baths at Stourton
school. In discussing the matter, the
County official pointed out that if the Dis-
trict Council would meet them in this matter
they were prepared to consider the advisability
of including it in the new scheme. He
proposed that they hold back the plans and
have another meeting at Stourton to reconsider
the proposal.

Mr. Chadwick seconded.
Mr. Blythe said it was utterly impossible
for three teachers to teach in so small a room
and get the best result.

Mr. Hargreaves said Mr. Lunn was under a
wrong impression, the West Riding officials
did not recommend this scheme, but it was
submitted to them. He said that Mr. Lunn
said he did not want to take for bringing this
question of baths forward at the last Council
meeting, but he knew there were three
members of the district on the Water Com-
mittee favourable to the scheme.

Mr. Volland said they wanted something
definite to propose before they laid the matter
before the District Committee. They wanted
to get the decision of the Education Com-
mittee as to the proposal. Until they got
some plan from the County Council they
could say anything before the District Com-
mittee.

The Chairman thought they were in a very
vague position at present.
Mr. Hargreaves did not think Mr. Lunn
was correct in his statement. He was perfectly
prepared to consider the matter when they
had a proper scheme brought before them.
Mr. Lunn suggested that they lay the
plans and ask Mr. Brown and the County
Education Authority to meet them at Stourton,
and that the Education Authority urge the
District Council to consider the advisability
of assisting in providing baths under the
new proposed schools at Stourton.

It was decided to hold a special meeting at
Stourton to agree a definite matter.

ATTENDANCE.
The Clerk said six or eight months ago
they organized a school at Carlton Lane.
The school had been in existence for some
time, but it had been—Wood Lane infants
school, Carlton Lane and Middleton 3rd.
The school had been introduced to improve
the attendance of the whole district and the
incentive was to increase the under 5 depart-
ment; he was pleased to see that an infant
department had been introduced into the school.
Mr. Lunn said he did not think it feasible
to bring in the under 5, as he did not think it
fair to complicate the children to attend 3
years of age, but he would like to see it.

The Chairman said they had no desire to
compel them under 5, but if people send
children out of the way to be taken care of
by day nurseries, the Education Committee
must have some advantage.

The Attendance Officer said the parents at
Rothwell High intended to retain the trophy.
The Chairman said the trophy was a
—Rothwell Council mixed 94.75; infant
over 5, 96.42; under 5, 79.24; Stourton
mixed, 91; infants over 5, 84.56; under 5,
85.50; Robin Hood mixed 98.08; infants
over 5, 91.42; under 5, 91.66; Carlton mixed
96.32; infants over 5, 94.59; under 5, 85.71;
Thorpe mixed 96.33; infants over 5, 90;
under 5, 89.65; Wood Lane infants 98.01;
under 5, 94.11; Rothwell National mixed 92;
40; infants over 5, 95.13; under 5, 80.35;
Louth mixed 94.14; infants over 5, 90.24;
under 5, 79.16; Middleton mixed 96.77;
infants over 5, 90; under 5, 83.33.
The Inspector reported children suffering
from coughs at Rothwell Council infants
and under 5 at Stourton.

The Clerk reported that during the last five
years the average for the school was 88.81
as follows:—1905, 89.09; 1906, 89.81;
1907, 90.25; 1908, 92.25; 1909, 92.25; 1910,
92.4, which was the best for the last five
years.

It was decided not to admit children under 5
in the infant school at Stourton.

CONGREGATIONS.
Miss Horner, of Thorpe, wrote asking for
the use of school for a whist drive and dance.
Granted.

Miss Ryder, Wood Lane school, for an
open afternoon on Nov. 1st. Granted.

Mr. Ann Age, of Thorpe, wrote for the use
of school for a dance of hope for autumn
and winter seasons. Allowed, every fortnight
on Friday night.

The Education Department wrote refusing
the supply of a new lawn at Robin Hood.

A letter was received from the Board of
Education stating that the mixed department
of Carlton school was overcrowded.

It was decided that the matter be referred
to the Chairman, Messrs Dobson and Blythe.
On the question being asked as to when
the new master commenced at Carlton,
the Clerk read a communication from Mr. Denton
in which he expressed the hope that he would
be able to commence on Nov. 1st.

A member said that Mr. Denton
was not coming till next year.

The Clerk said there appeared to be great
difficulty in filling Mr. Denton's place.
The Clerk said that Mr. Denton was the
school which was as early as possible.

A letter was received from Mr. J. W. Smith,
secretary of the Rothwell Temperance Society,
inviting them to hold a meeting at the
Friends' School, Rawdon, would give an
address with practical experiments on "Tips
for Temperance." They agreed to use the
infants' department.

Mr. Blandman, the Minister of
Education, dealt with the question at Dew-
bury and Mr. Swaine, a local schoolmaster,
gave an interesting address on the subject.

MISCELLANEOUS.
On the motion of Messrs Chadwick and
Dobson it was decided that a request be made
to the Education Department of the Leeds
schoolyard at Robin Hood, that a strip 3
feet be left round the south-east and west
of the school yard for flowers or grass
turf.

An application for an increase of salary by
other school teachers in the Lofthouse National
School was received. The present salary is
£165.

Mr. Blythe said that average with other
school teachers in the district.
On the motion of Messrs Horner and Chad-
wick it was decided to recommend an increase.
A satisfactory report on the Stourton
school was received.

Mr. Hargreaves said that Mr. Volland se-
conded that the Stourton teachers be congratulated
on the report.

On the question of the re-staffing of the
Carlton Lane infants' department, the Chair-
man said he had interviewed Mrs. Whitehouse
and found that the scholars were divided fol-
lowing:—Miss Grounck 39, Miss Batty 46, Miss
Brown 35 and Mrs. Whitehouse 32. There
were 152 scholars on the roll with an average
attendance of 142.

On the motion of the Chairman seconded
by Mr. Lunn, it was decided to recommend an
increase of staff in this department.

Mr. Hargreaves said that the motion of Messrs
Hargreaves and Lunn to ask the County Education
Committee to provide a folding screen for the
Rothwell Carlton Lane infants' school instead
of a screen for the Carlton Lane infants' school.

Mr. Hargreaves said Mrs. Harrison had found
out certain defective children and had visited
several of their homes. The Chairman and
Hargreaves had met Mrs. Harrison and it was
decided to ask Mr. Brown to attend to these
cases. They wished to spend some money to
remedy these defects and he wanted to know
what other schools were doing in regard to the
money which was granted to the Child-
ren's Committee.

The Clerk said he had been requested to
ask the District Committee to appoint a
visit each school and help the teachers in the
domestic classes.

Mr. Lunn proposed that the matter stand
over till next year, so that the members
could be prepared with names. It was very
important that proper people should be
appointed.

The Chairman seconded.
Mr. Volland proposed as an amendment that
the ladies be appointed at once, and that the
matters of the school be appointed them.
Mr. Chadwick seconded.

The amendment was carried.

SUCCESS OF A LOCAL WRESTLER.
Percy Smith, of Carlton Lane, Rothwell,
the amateur champion wrestler, brought off
a pull of Jack Baldwin, Leeds, and a
remarkable and creditable performance at the
Central Baths, Bradford, on Saturday last. He
won the match by a 3-2 decision.

ROTHWELL PRIMITIVE METHODIST
P.S.A.
Mr. Eli Ward presided over a good attend-
ance at the above meeting on Sunday afternoon
last, when Mr. Joe Wade, of Rothwell, gave an
interesting address on "Two periods in the
life of Jesus Christ." Mr. Wade's address
of Rothwell High rendered in an efficient
manner "Entreat me not to leave thee," and
"Nearer my God to Thee." Mr. Arthur
Adams also presided.

A NEW SCHOOL DANGER.
SPREADING RINGWORM CHECKED
JUST IN TIME BY ZAM-BUK.
Widely miserable.

Mary O'Neill came home from school one
day with ringworm, and so quickly did this
awful disease spread that she was obliged to
leave school. She was required to cure not only her but her
three sisters and little brother. To a "North
Western Daily Mail" reporter, Mrs. Annie
O'Neill, of 159, Marsh Street, Barrow-in-Furness, told how her five chil-
dren, (Mary) Kate, (10), Myles (7), Win-
fred (4) and Isabella (2), had suffered from
this epidemic.

Mr. Brought the disease home from her
school, and she had it on her head, which gradually
grew into a large round ring. Then the skin
of the face and hair came off in a patch.
Other similar sores came on Mary's head, and
it looked as if her scalp would be covered.
The doctor said the disease was due to the
spreading of the disease, but none of them either checked the disease
or relieved Mary's irritation, which made her
very miserable.

The other children one after another
caught the ringworm from Mary. Kate had
two large sores on her head, Myles 4, Winnie
3, and Isabella 2. The disease was the worst of
all, for her head was one mass of sores, and
it cut off all the children's hair, though it grew
very much, especially in the case of Mary.
The doctor said the disease was due to the
spreading of the disease, but none of them either checked the disease
or relieved Mary's irritation, which made her
very miserable.

HUNSLY RURAL DISTRICT COUNCIL.

A monthly meeting of the above was held at the Town Hall, Leek Street, Leek, yesterday afternoon. The following were present: Messrs T. Thomas (chairman), P. S. Maynard (vice-chairman), W. Verity, W. Cartwright, J. P. Allison, G. Arncliffe, with the clerk (Mr. V. E. Fisher), Messrs. J. F. Nuttall, and Messrs. Whitehead and P. C. Higgins.

The Clerk reported that the Middleton Colliery Company offered to grant the land required for the Leek Sewage Works at £100 a year. The Council to pay the (Solicitor's) charges. He also received a letter from the local Government Board, urging the matter to be brought to a final issue.

The Clerk said he had made a new draft agreement with the East and West Ardley Council for the supply of water which commenced on Jan. 1st. He had previously paid 11d per thousand but he had got it reduced one penny with a minimum of 12,000 and a maximum of 15,000 gallons.

The Clerk reported the loss of half a million gallons of water owing to damage to mains by the Middleton Colliery Company, which caused a leakage.

Mr. Steel said he had thoroughly inspected the drains and estimated the loss at about £20000 gallons. He had made arrangements to supply the houses with water by allowing them a couple of hours' supply each day.

Mr. G. Arncliffe: Have the Colliery Company a right to cover the main; what about doing away with the footpath?

The Clerk said the footpath had been made by the workpeople as a path to the Colliery.

Mr. Arncliffe: Is there an old plan showing whether this is a public footpath or not?

The Chairman said the Middleton Colliery Co. denied any liability for the breaking of the main.

Mr. Arncliffe: Seeing they are the heavy ratcatchers in this particular part of the district, they will have to pay about £800 out every 10 or 15 years for the work. I should also like to know if the houses are suffering from lack of supply.

The Clerk: No.

It was agreed that the question be left in the hands of the Chairman and the Clerk and be adjourned for a month.

The Medical Officer reported that during the past four weeks there had been 15 births (8 in Oulton and Woodlesford, 3 in Temple-novans). There had also been notified four cases of infectious disease (1 of scarlet fever at Temple-novans and 1 of typhoid at Oulton and Woodlesford) both of which had been removed to Hospital.

There had also been reported a sudden outbreak of measles at Woodlesford, the last serious attack being in 1904. Of 1120 scholars attending the infants' department there were 50 absent on the 26th and 27th. He advised the Council to close the schools for three weeks. He denounced the closing of the schools himself, but Dr. Kave, the county medical officer, recommended it so that the schools could be closed.

The attendance at Oulton at present was slight, but it probably might be affected later.

It was decided to close the schools for three weeks.

The Clerk reported in regard to the question of the treatment of consumption that a conference of District Councils would be held at Leeds on Nov. 22nd and another convened at the West Riding County Council on Nov. 25th. It was a question whether District Councils should have a sanatorium of their own, or whether they should throw in their lot with the County Council. The District Council was a hospital and the County Council was not. The West Riding proposed that each local Council should join their own with the County Council.

The Urban District Council's Association had a rateable value of £4,750,000.

It was decided that the Council be represented at the meeting.

Miss Smith, an owner of property in Elnah Street, wrote asking for the name to be altered to Woodland Avenue.

It was decided to alter the name to the above.

Plans by Messrs G. Arncliffe & Sons for six houses in Alreale Road, Woodlesford, were approved.

ROTHWELL HUNTING SOCIETY.

The annual supper and prize out of prizes in connection with the above Society was held at the 'British Oak' on Tuesday evening last. Twenty-one members and guests were present. The supper was provided by the host and hostess, Mr. & Mrs. W. Bennett. After full justice had been done to the good things set before them, the Chairman, Mr. W. E. Richardson, presided at the table. The Secretary read the minutes of the last annual supper, which were duly adopted.

The Chairman then proceeded to pay out the prizes to the various winners of races for 1910. Mr. A. Hodgkinson had the list with the names of the winners.

FOOTBALL.

ROTHWELL WHITE ROSE V. STOURTON WESLEYANS.

After their disappointing exhibition at Oulton the previous week, Rothwell White Rose themselves took to the field on Saturday last, when they met Stourton Wesleyans.

The Wesleyans are not by any means so good a team as their senior rivals, Stourton Wesleyans, and the Rosettes having the honour of vanquishing the latter organization was little doubt as to the result of Saturday's contest.

At one period it seemed almost certain that a draw would be the result as the visitors played splendidly and the home team found a very hard nut to crack in Kirkstall, who showed enterprise all the way through.

The home team were not full strength and Dixon was in his usual place between the sticks and again kept his charge satisfactorily.

Miss Florrie Leach contributed "When the Breeze" and Miss Thorne "The Rose". "Only tried" Mr. J. M. Smith conducted. Mr. C. Sibbottson accompanied, and Miss Lillian Harrison read the narrative.

CARTON WESLEYAN P.S.A.

Mr. T. Wilcock presided over the above gathering on Sunday afternoon last, when an excellent address was given by Mr. Hamerstone, of Ardley. Miss H. Smith, of Stourton, rendered in fine style "Sun of my Soul" and "The Better Land." Mr. H. Nash accompanied.

NOVEMBER COLDS.

BAD WEATHER GUEST PERILS PLACATED BY COMMON SENSE TREATMENT.

Has it ever occurred to you early every time the cold, damp, and foggy weather comes round you should have the same bouts of coughs and colds? All of this is not to be explained by any physical weakness or by any undue constitution. Certainly not many and colds at night, and too little regard for the ventilation of the bed-chamber or of the place where you work, may help to explain some of these visitations. It is not the large cold of November coughs and colds to be often explained by the mistaken and ineffective methods adopted for treatment of the trouble.

The ordinary drag-drawn cough-mixtures may appear to confer benefit by killing the nerve, but it is a fruitless and dangerous process—frustrates the real seat of the trouble, which is situated in the lungs, can not be reached by any liquid medicines, and dangerous because of the opium, morphia, and chloroform when taken in the form of cough-mixtures exert a baneful and weakening influence on the entire system.

It is entirely different when the Peps treatment which reaches the lungs directly, and without the aid of any harmful drugs. Whenever a change in the weather, or any unavoidable exposure to draughts, chills, night air, sudden change of temperature, or any other return of old throat or chest trouble, a few Peps tablets slowly dissolved in the mouth will fill the lungs with their soothing and germ-destroying fumes. As these fumes are absorbed, the lungs are breathed into every corner of our lungs and chest the delicate tissues are gently stimulated into glowing natural action, still is repelled, accumulated phlegm softened, the "tightness" of the breathing passages loosened, and the weak spot is the chest toned up.

Delicate children racked with terrible coughs (and only anxious mothers know how pitifully these children suffer from such evils) get great benefit from the soothing influence of Peps in the chest. Old people, who are afflicted with one long torture from chronic deep-seated bronchitis, find peace, comfort, and ease in Peps. Striving workers, handicapped by the ill-effects of colds and influenza, and other throat and chest troubles caused by breathing foul odours and irritating dusts at their work, find Peps a sure ally.

STOURTON UNITED V. CLARENCE IRONWORKS.

A good crowd assembled at the Stourton ground on Saturday afternoon, when the Clarence Ironworks team were the visitors. Stourton kicked off first and they attacked strongly at the outset, but were quickly repelled. The Stourton men soon had their opponents in difficulties, and a long shot from half-way by Briggs lowered the Clarence goal. Robinson, later, made a creditable effort to equalise the scores, but the shot went harmlessly across the goal mouth. Stourton rallied smartly, and kept up a constant attack, shots from Mitchell, Thomas and Donaldson being successfully dealt with by Franklin. With a hard drive Thomas put on a second goal for Stourton, after keen play at close quarters, and a smart pass from Donaldson enabled Mitchell to register a third point. Play was sternly fought to the interval, but nothing further was added to the score. Stourton having a lead of three goals. In the second half, play was again strenuously contested, and Martin and Mitchell scored for Clarence Ironworks and Mitchell and Thomas for Stourton, the home team winning by five goals to two.

HUNSLET BOARD OF
GUARDIANS.

A fortnightly meeting of the above Board
was held on Wednesday afternoon, at the
office, Hunslet, there being in attendance
Messrs. W. Schofield, Chairman, and
Messrs. G. Conyers (Vice-Chairman), Messrs. C.
Wright, Mr. Barrow, Mr. Gifford, Mr.
Green, Mr. Harlow, Mr. Armstrong, Mr. Butler,
Mr. Appleyard, Mr. Shaw, Mr. D. J. Dillion,
with the clerk (Mr. Mee), and
assistant clerk (Mr. Ward).

At a meeting of the above Committee the
Clerk submitted letters from 6 more unions
(making 47 altogether) stating that they had
no spare accommodation for aged men. The
Clerk reported the result of the enquiries by
the Sub-Committee concerning the accommoda-
tion available for aged men at the Wharfedale
and the Leeds and the Leeds and the Leeds
Unions. Workhouse at Giggleswick, and generally
as to the terms and conditions upon
which cases may be boarded there, and the
relative advantages and disadvantages of the
two institutions. The Committee had also
under consideration the possible effect of the
abolition of the pauper disqualification for
indoor poor, but were of opinion that it is very
doubtful if even then there will be sufficient
accommodation here in the winter months.

The Leeds and the Leeds Unions are recom-
mended subject to the sanction of the Local
Government Board to enter into an agreement
with the Guardians of the Wharfedale Union
for the reception of aged men, and assistance in
their workhouse of not less than ten nor more
than twenty-five aged and infirm (not sick)
men at a charge of 8s per week, with the
additional sum of 5s weekly for any necessary
infirmary treatment, inclusive of everything
but conveyance and furniture, such an agree-
ment to be for a period of twelve months
terminable at any time, and to be subject to
three months' notice on either side, and to embody
such other conditions as the Clerk shall see
fit to propose, and necessary and reasonable. The offer
by Mr. Harlow to provide a cottage for the in-
firmates on the 5th Jan next and by Mr. Harlow
on 2nd Feb next was accepted. Mary Wood,
of Leeds, was appointed assistant clerk at the
Wharfedale Union at a salary of £22 per annum.

The minutes were confirmed.

VARIOUS.
The Master reported the relief of 106
vagrants during the fortnight ending 19th
for the same period a year ago; also 5 danks and
gifts of sweets and flowers.

On the recommendation of the Finance
Committee, accounts were passed for payment
amounting to £257 4s 2d.

Pursuant to notice Mr. Harlow proposed
that the hour at which the Board meetings
are held be altered to 10 o'clock in the afternoon
on 2nd Feb next and was accepted. Mr. Harlow
also became several members held office
under the Leeds City Council, and the hour
held previous to the meeting.

Mr. Harlow proposed an amendment
that the hour be 6 o'clock in the evening and
that the hour be afterwards altered to 5 o'clock.
Four o'clock and twelve o'clock, noon,
were also suggested.

The Board eventually decided to make no
alteration.

The usual additional out-door relief at
Christmas—1s for adults and 6d for children
was being given, and the disease was gradually
building up new and sound tissue.

The Chairman and Clerk reported on their

CONCERT AT HAROLD HALL,
OULTON.

SPLENDID MUSICAL PERFORMANCE.

By OUR MUSICAL CURIO.

A large number of persons found it pleasant
relaxation on Monday evening last in
turning from contemplation of the strife and
trouble of the world to the peaceful and joyous
enjoyment of a musical performance held in
the Harold Hall, Oulton. Oulton appears to be
very conspicuous in the promotion of these
delightful events, in which the ex-
position of real good music is a notable
feature. The organization responsible for
most of these popular functions—which
have interested the people of Oulton and
District Orchestral Society. And how
many persons, I wonder, in our immediate
neighbourhood can trace their very first
introduction to music and one of their
talent to this musical combination. Amongst
the audience I noticed several musicians, who
are retired members of the band, evincing a
keen interest in the proceedings, and no
doubt cherishing memories, never to be forgotten,
of pleasant hours spent in the presence
of the old practice grounds.

This introduction may be brought to
enhance the performance, there is nothing
which scores and finds so ready an acceptance
as the band pieces. It must be a source of
unqualified satisfaction to the audience, that
they can on some occasion emerge from their
seclusion and find relief in giving to the
public samples of their abilities. I am
satisfied that the band do not hear of
the existence of the Orchestra in this district.
Surely is Oulton the only place where good
music can be appreciated. It is certain that
these performances are completely new, and
more effective, and has a better variety of
tone than can be obtained in any other way.

It must not be supposed that the band was
perfect, or anything like that, there was little
in their renditions that any amateur could
much improve upon. The parts were by means
balanced, and the solos were by no means
confined to the first violins. The brass in-
struments, of which there were three, were
excellent, and some of our local brass bands
would have been highly satisfied. Had
any notable important part of the brass
instruments were taking in the band. There
was any amount of bass, and the reed instru-
ments, of which there were two or three,
were admirably sustained. The items were
comprised two marches—"Carmen" (2nd)
and "Regimental March" (1st) and a
little selection—none from Sullivan's opera
of the Grand Duke, and a very pretty
overture "De Felsenheim". The latter
two contained some heavy work, but
throughout, the general effect was fine.

A diverting item was provided by Master B.
Lewis (son of Mr. Lewis, who was sustai-
ning the bassoon part) entitled "Ya Olden
Chimes" on the tubular bells, to band
comparisons and a polka entitled "Gaby-
leh". In which Mr. H. Stainer (piano) and
Mr. T. Denison (organ) figured prominently
was highly interesting, both instrumentalists
executing some clever triple-fingering.

The violinist is always expected to play a
big part in the programme, and on this occa-
sion anticipations of a clever champion of
the violin were fully realized. In his
two solos, Mr. Thomas Chapman, F.C.V.,
was not allowed much opportunity of re-
vealing any great wealth of tone, owing to the
rapid execution which both demanded. Con-
sequently he did not leave impressions as an
effective and soul-inspiring artist, but if the
primary object in violin-playing is in execu-
tion, then the great violinist of the world
Berlioz is almost a familiar name on the
fiddler's vocabulary, one of his compositions
being rendered by Mr. Chapman on his first
appearance, in which was coupled almost
every variety of violin music. His second

item was a concerto, a fine effect being
coloured when he changed into the minor
key. Both pieces, which were lengthy ones,
were rendered without any music copy, which
speaks well for the performer's powers of
retention.

The soloists were both exponents of the
high vocal scale, namely, soprano and tenor.

Miss E. Rawlings is the possessor of a rich
voice, which is necessary for the rendering of
that wavering tremolo, which is only masterful
in a cultivated voice, and which had been
perfected to such an extent as to be apparently
produced by little effort. The second soloist
was Mr. H. Stainer, who rendered the best
effects by a careful observation of strict
tone in her high notes. She was heard to
advantage in the solos "Happy Songs (Del
Roy)" and "What's in the Air" (Edgar),
which were of a light character. Her other
two songs, "Three roses and ten" (Trevail)
and "Symphony" (Marshall) were more
serious and demanded more power of ex-
pression, which were delightfully infused.

Mr. Habbshaw was the only performer who
secured an encore, and can therefore be said
to have carried off highest honours. His
songs were of a melancholy nature, the mere
mention of *Tutti* as the composer being suf-
ficient to suggest to one the beautiful
arrangement fully understood by the hearer.
not the best composition he has at his seat in
"Mountain Lovers" (Spire). One was
conscious throughout the rendition of this
song of the presence of the composer, and
something that irrefragable influence which
appeals to the emotions and which is very
often caused by the plaintive passion of the
singer being fully understood by the hearer.

After the band appreciation had died away,
Mr. Habbshaw administered an antidote, and
brought his encore item out with a song
he had written in himself in the most
pleasant and delightful manner, and which
he called "The Lovers" (Spire). One was

he called "The Lovers" (Spire). One was
conscious throughout the rendition of this
song of the presence of the composer, and
something that irrefragable influence which
appeals to the emotions and which is very
often caused by the plaintive passion of the
singer being fully understood by the hearer.

After the band appreciation had died away,
Mr. Habbshaw administered an antidote, and
